Dear _____,

Being involved in the theatre program is one of the highlights for me as a student at Salina High School South. It is through my participation in drama club and theatre productions that I am able to improve my skills in the theatre arts. These skills – teamwork, organization, communication, and more – will benefit me throughout my lifetime.

Due to the unprecedented Covid-19 pandemic, this year's shows will likely be smaller and more flexible to provide adequate distancing for casts and audiences. Nevertheless, the show must go on! As we plan for these productions, we are seeking donations toward the department's needs. Contributions of any size are greatly appreciated and will directly impact what we as students can accomplish.

To give you an idea of what your donation could help provide, some examples are listed below:

- $10.00 – a few rolls of 2 inch masking tape, paint rollers, or sewing needles/pins.
- $25.00 – individual makeup kits for students or microphone batteries for a performance.
- $50.00 – a costume or a couple of gallons of paint
- $100.00 – a few sheets of plywood or several sheets of Styrofoam for the set
- $250.00 – printing of posters and other marketing costs for a production
- $500.00 – new microphones or lighting instrument
- $750.00+ – a staff position such as costume designer or choreographer

All patrons of the Salina South Theatre Department are listed with their donation level in playbills for each regular season production. Simply return your donation with the form on the reverse side of this letter or donate online at www.salinasouththeatre.com/boosters.

We hope you'll consider a donation to the Salina South Theatre Department this year. Your contribution will help us fulfill our production needs and enrich the lives of students like myself who participate in the performing arts.

Thank you in advance for your generosity!

Sincerely,

Ashley Carraway & Nathan Streeter
